

BEWARE

Deceptive Alarm

Business Practices

Alarm system owners should be aware of unscrupulous business practices that have recently come to light. Alarm system owners have been targeted by door-to-outfits that claim to be technicians for your alarm company. They request to see your equipment and advice of system troubles. This group will then present paperwork to be signed, which creates a long-term contractual relationship above and beyond your current agreement. This is a scam!

Please know that Meridian Security will not arrive unannounced for any reason. Should anyone contact you in this manner, please call us at 253-638-1792
